NO.: AN08T7500, Notice#1

Dear Iris,

Please address following issues.
Q#1:  FCC ID and model no. listed in test report page 1-2 and page 4 are up side down, please revise. Besides, the model no listed on the test report is different from the user manual, please clarify.
Q#2: Please confirm the version of ANSI C63.4 is followed and specify it into the test re port
Q#3: For devices operated under 15.231(e) shall be provided with a means for automatically limiting operation so that the duration of each transmission shall not be greater than one second and the silent period between transmissions shall be at least 30 times the duration of the transmission but in no case less than 10 seconds. Please provide test data to demonstrate the compliance.
Q#4: Test result of 20dB BW shown in page 18 of test report shall be 61 but not 83kHz, please revise.

Best Regards,

Lucy
The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of the original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted. Any questions about the content of this correspondence should be directed to the e-mail address listed below the name of the sender.
